

Capital Area Public Health Network

presents

What: The goal of our program is to educate attendees on **vector borne diseases** and will cover topics including but not limited to:

Insect Biology and Identification
Signs and Symptoms
Surveillance Techniques
Personal Protection Measures
Disease Signs and Symptoms
Proper Tick Removal Techniques

This presentation covers ticks and bed bugs. The presentation will appeal to those who work in the public sector and who may need to enter properties that may be infected. With Fall coming I think the information on ticks will be helpful as well. **I strongly recommend this for all public employees who have contact with homes in the community.**

Where: Concord Fire Department Training Room 24 Horseshoe Pond Lane, Concord NH 03301

When: SEPTEMBER 23, 2010 FROM 6:00 PM TO 8:00 PM
REFRESHMENTS WILL BE SERVED

PLEASE RSVP TO LEIGH CHENEY AT 230-6104 OR BY EMAIL: lacheney@crhc.org. Please feel free to invite your colleagues or pass this notice along. I just need to know how many people will attend so I have enough food.
